

I cannot tell you how a kit like this will make a great difference with my patients. I have primarily Black and Hispanic patients in my practice... Again, thank you so much for your help. With resources like this, my clinic will continue to make a difference in their community.

MD Los Angeles, CA

I have received my EZStart Kit; it is a valuable tool that is priceless.

MD Boston, MA

I would like to thank you for the wonderful kit I just received. You did a stupendous job in developing it...

RN Montgomery, CA

This is an outstanding resource for providers!

RN, CDE Bloomington, IL

This program works! I used this on a schizophrenic who [has] mild mental retardation and was newly diagnosed with insulin dependant diabetes. He actually was performing his own accuchecks when he was discharged and was giving his OWN insulin. Thank you!

Whitfield, MS

I am very impressed with the EZStart Kit I received and would like to order more for my office.

ARNP

I have one copy that I received and it is excellent. This was a product that is badly needed by primary care. Thank you for your hard work.

DrPH, APRN, RD, CDE, FAAN Charleston, SC

I recently received the Joslin EZStart Kit-and absolutely love it! Thank you for supporting education for our PCP's!

RD, CDE Albany, NY

I received the Joslin EZStart Kit recently and find the Resource Manual for Diabetes Care and Education for Primary Care Practices to be a superb reference. The trouble is, too many providers are sneaking it from my desk! Any chance of obtaining at least 1-2 more manuals to place in strategic locations in our work area? Thank you very much for considering this request and thank you even more for the excellent reference and great care Joslin provides!

RN, BSN, CDE Springfield, MA

Your EZStart Kit is a great resource. I find it to be very comprehensive yet easy to understand. Thank you for this great source of information.

RN Huntington, NY

I have received my materials and find them to be so helpful. My colleagues and students would like to have their own copies.

APRN-BC New Orleans, LA

A colleague showed me the EZStart information she had received from Joslin and it was great! I would like to request 8 copies for my staff.

RN, MSN, MPA San Diego, CA

I have now used the EZStart resource manual on variable occasions and consider them thorough and applicable in information sharing and teaching of diabetic patients.

MSN, APN, BC Morristown, TN

WIDESPREAD ENTHUSIASM for **JoslinEZSTART™** GUIDING INSULIN INITIATION

I want to share how impressed I am with the resources that you have developed for both patient use and that of the healthcare provider. Thank you.

RN, MSN, CFNP, CDE Fairfax, VA

The Diabetes Team at Central Vermont Medical Center has found the Joslin EZStart [Kit] to be useful. We would like to share these with all our physicians in our practices. Thank you for putting together such a comprehensive book.

Barre, VT

I was fortunate enough to receive one of your complimentary kits in the mail and have used it many times since receiving it. I work in 3 different offices, in 3 different towns, and have been taking it with me to those different offices. Would you please send me an additional 2-3 kits?

RN, CDE Mt. Shasta, CA

Thank you SO MUCH for your wonderful, free flip chart and accompanying material. I really LOVE it - we have a lot of diabetics that suffer from mental illness and substance abuse and need teaching desperately. This tool makes it plain and simple for both our clients and our staff! We will use it for years to come at our treatment center and shelter.

RN

[My organization] provides...services to developmentally disabled adults (age 22+). Many of the individuals have been diagnosed with diabetes and some are now insulin dependent. Your materials would be VERY helpful to us in training individuals and the staff who support them.

RN North Dighton, MA

I would like to order 6 more EZStart Kits for Southern NH Medical Center. We would like to use them on our med-surgical and behavioral health units for patient education. We think they are great!

RN Nashua, NH

I am the patient education nurse for 100 acutely ill male patients at the largest psych hospital in the United States. A while back one of your reps gave a luncheon and inservice on the EZStart program. The Dr. gave me a kit and it proved to be the one best tool I've ever used in my 23 years of nursing to help teach my diabetic patients!!

MSH Whitfield, MS

I was very impressed with the teaching materials you sent my way. The Beloit Clinic where I am employed as one of two CDEs has sixty physicians that use my services. If I could possibly have more kits it would allow me [to] leave this information in key areas throughout the clinic. Thank you for these wonderful teaching tools.

RN, CDE Beloit, WI

I work in a large community clinic [that] serves our county hospital. I provide a large part of the diabetic education and patient care in our clinic and would like to share your excellent resources with members of our staff.

CDE Indianapolis, IN

We are a community Health Center and appreciate the Joslin EZStart Kit very much. Thank you.

MD Algonac, MI

I am a Family NP and I work in a very busy community clinic in Surprise, AZ. We received one set of your EZStart flip charts and love them! We would really appreciate 2 more sets.

FNP-C, MSN Surprise, AZ
