The Diabetes and Pump Education Program for School Nurses is a full-day program designed by the pediatric staff at the Joslin Diabetes Center under the direction of Lori Laffel, MD, MPH, Chief of the Pediatric, Adolescent, and Young Adult Section. This program will provide school nurses with a greater understanding of diabetes management using insulin pumps in school-age children and adolescents with diabetes.

Learning Objectives
Upon completion of this program, the participant will be able to:
- Describe pump therapy as a method of insulin delivery
- Identify advantages and disadvantages of insulin pump therapy
- Describe the use of insulin pump therapy in the school setting
- Explain the calculation of insulin doses
- Discuss common issues with pump therapy that arise in the school setting
- Identify new glucose monitoring technology
- List the characteristics associated with successful pump therapy in pediatric patients

Contact Hours
This continuing nursing education activity was approved for 6.25 contact hours by the Massachusetts Association of Registered Nurses, Inc., an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.
Date & Location
Saturday, November 5, 2011
Joslin Diabetes Center
One Joslin Place
Boston, MA 02215

School purchase orders are welcome

Planning Committee
Lori Laffel, MD, MPH
Laurie A. Higgins, MS, RD, LDN, CDE
Georgia Feuer, BA
Deb Holtorf, MPH, MSN, PNP, BC-ADM
Joyce Keady, MSN, RN, CPNP
Margie Lawlor, MS, CDE
Cindy Pasquarello, BSN, RN, CDE
Lisa Volkningen, MA, CCRP

Schedule
7:30-8:20 AM Registration & Breakfast
8:20-8:30 AM Welcome
8:30-9:15 AM Introduction to Pump Therapy
9:15-9:45 AM Realities of Pump Therapy in Youth
9:45-10:15 AM Break, Networking, & Vendors
10:15-10:45 AM Carbohydrate Counting & Insulin Dose Calculations with the Pump
10:45-11:15 AM Troubleshooting for the Pump
11:15-11:45 AM Other Diabetes Technology: Continuous Glucose Monitoring
11:45-12:30 PM Lunch, Networking, & Vendors
12:30-1:00 PM Pump Readiness
1:00-1:45 PM Breakout Sessions
1:50-2:35 PM
• Pump Basics
2:40-3:25 PM
• Does Insulin Pump Therapy Improve Clinical Outcomes?
3:30-4:15 PM
• Advanced Insulin Pump Strategies
• Managing Exercise on an Insulin Pump
4:15-4:30 PM Program Evaluation & Contact Hour Certificates
